Great ice times for all ages!

Hockey skills are life skills. Minor hockey teaches teamwork, responsibility, cooperation, sportsmanship, dedication, positive self esteem and a sense of belonging. Experiencing the highs of winning and lows of losing prepares a child to deal with the highs and lows in life.

By enrolling a child in hockey you are creating a lifelong love of sports and a healthier lifestyle. Start your child on a healthy path today.

REGISTRATION CLOSSES SEPT 15, 2021

The Covid restrictions are currently reduced to the point that minor hockey will begin as normal. We are hopeful that this season will be "business as usual".
